PTO NEWS

The **Online Meadowbrook Student Directory** has a new look and new website!

SCAN HERE TO VISIT THE NEW DIRECTORY
or visit: HopkinsMeadowbrookPTO.org

Why Sign Up for the Directory

- Registering is fast, simple and secure. Only registered Meadowbrook users can view the directory.
- By signing up you will have access to contact information for other registered users, which is great for parent communication, birthday invites, and play dates.
- The school is unable to share any student contact information. However, if that student is also registered, you may find their contact information in the directory.

How to Sign Up for the Directory

Current Users

If you had a log-in from the previous directory, scan the QR code above or visit the website. Click the "Forgot Password" link to reset your password.

Then update any personal information in your profile that you would like to share.

New Users – Sign up is easy!

Scan the QR code above or visit the website. Click the "Sign up" button. To create your account, enter your full name and email address, and create a password. Including your full name will help staff verify that you are a Meadowbrook caregiver.

From there, you can update your profile with the personal information you would like to share.

Helpful Hints for Exploring the New Directory

- Fill in as many profile details as you feel comfortable sharing. This will be the easiest way for Meadowbrook families to find you and for you to find others! **Filling in the "Teacher Last Name" field and the "Child/ren Name/s" and "Child Grade" on your profile will be most beneficial to the searching process.**

- Note: Only those families who have created a profile will be able to see contact details and search for other families. Users must sign in and register in order to search the directory.

- When searching the directory, it is best to search by teacher last name or by grade (to search by grade, enter "KG", "1st", "2nd", etc.). You can then see all the profiles that have a match with your search entry. To see more details from search results, click on any profile card that turns up in the search results.

- Need more help troubleshooting? Email us at MeadowbrookElementaryPTO@gmail.com and we will do our best to help you out.
